

Our Mission

At Mindfull our goal is simple but significant – to create happy spaces for the next generation, however they like to learn.

We spent time with children, teachers and parents to better understand the challenges of today's students, sparking a journey to create happy spaces for our next generation.

Find *your* happy space

We want learning spaces to be comfortable, safe and enjoyable where everyone's personal learning needs are supported, so that every student can thrive.

What we found

14-20%

Between 14-20% of learners in Australia & NZ need support with their emotional wellbeing. This has doubled in the past decade.

3-10%

Estimates suggest between 3-10% of Australia & NZ children are neurodiverse learners.
